

Literacy for Learning

CUSTOMIZED SERVICES

Supporting Educators

Today's educators face incredible challenges. The implementation of the *South Carolina College-and Career-Ready Standards in English Language Arts 2015* requires school districts to find new resources to help identify learning gaps and support educators as they strive to accelerate student achievement. Standards lay out a clear vision of what it means to be literate in the 21st century and provides an infrastructure for a spiraling K-12 literacy curriculum. Teachers and administrators must be supported as they navigate between current literacy practices and the ideals of the Standards. Through coaching, professional learning opportunities and delivery, organizational analysis, and collaborative solution design, our experienced consultants will partner with you to achieve excellence for your district and school.

Our Vision

At *Literacy for Learning, LLC*, we provide customized professional learning and services critical to the success of every school and every classroom. We collaborate with teachers and administrators to deliver innovative and research-proven practices that enhance educator effectiveness and accelerate student achievement. Our consultants will help your district and school implement the Standards in ways that lift the level of teaching and learning.

Read to Succeed (R2S) Endorsement

- Approved Vendor for All R2S Coursework for Teachers and Non-Instructional Staff

SC Center for Child Career Development (CCCCD) Credit
